My Dog Chewed Up My Homework

by Bruce Lansky

I'm glad to say my homework's done.
I finished it last night.
I've got it right here in this box.
It's not a pretty sight.

My dog chewed up my homework.
He slobbered on it, too.
So now my homework's ripped to
shreds and full of slimy goo.

It isn't much to look at,
but I brought it anyway.
I'm going to dump it on your desk
if I don't get an A.
