October 6-12 **Fall Break No School**
October 24, 25, 26 - Early Release PARENT CONFERENCES - No Aftercare

September Poem. (Due 10/4)

Eating Words By Katherine Hauth

When you know
that *vore* means *eat*,
you will know
that **insectivores** feed
on grasshoppers, moths, and butterflies,
mosquitoes, bees, and plain old flies.

When you know
that *carni* means *meat*,
that **carnivores** eat
snakes and lizards, deer and lamb,
carrion, birds, fish, and ham.

When you know
that *herb* means *plant*
you will know
that **herbivores** CAN'T
eat anything that moves on a foot,
just foods that spring up from a root.

When you know
that *omni* means *all*,
you will know
that **omnivores** call
Everything

they can suck or chew--
sometimes even me or you--
food

Reading/Writing. Reading Paired Text: *Those Who Moved Us Forward, Pt. 1*

Science. Heredity and Traits: How can corn be yellow, white, or blue?

Social Studies: Map Skills: A Mercator Projection Map
