2/14/22 to 2/18/22
Week # 25

Happy Valentine's Day

We are now in our sixth week of spelling.

I need your help!!! The students will come home each Monday with a new list of spelling words. We will have all week to study them. I also have sent home a nightly study sheet. They are to write their words once each night. This is not a lot of practice and they should do more than this !!! Once the paper is filled out on Thursday night, the students return it on Friday. The final test will be on Friday of each week. Please work with your child on these words throughout the week!

Thank you in advance!

Spalding:

New Phonograms : ee, rh

Review of all Phonograms Aa - Zz and double letter phonograms ch, th, fr, sh, er, qu, ar, ow, wh, oy

Phonograms tested this week on Friday: A-Z

This quarter we will be stretching out and starting to read and spell. Please take time on these new tasks with your child.

Thank you!

Reading: We will continue to read narratives and informatives. We have been working with our little books. These books will come home. The students need to read and practice with these books. Keep them at HOME! We will also read simple words, phonogram blending and work on reading comprehension.

Spelling The students will be tested on **Friday**. Please go over these words each night. Use the word in a sentence. Have the student write the words. Please be patient, this is a new task and will take all of us to make spelling a fun, positive thing.

Spelling List #6

1. it
2. not
3. at
4. top
5. no
6. bed

1.

Handwriting: Our focus will be on all letters. Top, middle and bottom are so very important. At school we say that tall letters go in the attic, short letters are written where the person lives and some letters such as g, j, q, y go in the basement. We use this language in the classroom, it may be beneficial for them at home too!

We will continue writing all clock letters correctly, starting at 2 o'clock. We will continue to work on writing A through Zz, staying between the lines and starting at the correct point on the paper. Please practice writing at home.

Language Arts: Listening skills, following directions, word families, nouns, verbs and identifying the setting of a story or reading selection.

Math : All of these concepts will be reviewed and worked on as needed : Counting and number recognition, 1-100, review adding 0 and 1 to a number, numbers that come before and after, pennies, dimes, counting by 10's to 100, number writing 1-20, patterns, directional words (above, below, between, middle, first, last, etc). We have started to work in addition.

Science - We will be studying living things, plants, animals and people.

Social Studies- We will be studying human movement, regions and cultures.

Thank you,

Mrs. Kimball
