- Darwin Montes
- Yocelin Zarraga

Please make sure your student is writing their NUMBERS correctly; If we can't tell what a number is, it is marked wrong. Numbers also need to be the same size so one is not larger than the other.

I am now taking one point off work done that is missing spaces between words, capital letters in the wrong places, letters not made correctly, and missing periods. (One point for each missing space, word spelled wrong, etc.)
