

WEEK of March 6-April 10

Greetings!

Hi, Parents and Students!
For those of you who would like to do work on line, I am still working on getting the work uploaded so you can do the work at Google Classroom, save it, and "turn in" the assignments.

Parents, please have your students to work in **PENCIL**, and return work on Monday to get a new weekly packet.

Packet Contents

In this envelope are packets for each day. Some of the work will carry over to the next day, or another day or days during the week. I have enclosed a lesson plan so you know which days to do work that requires more than one day to do.

More on Spelling

There will not be spelling tests, but I do want our students to complete their **spelling homework pages**. Please have them do one page per day, with no work on Friday unless some is not completed. Please check to make sure you can read their writing! Thanks!
