Math: attached paper(s)

Friday: No Homework Friday

Please send your student to school with a bottle of water to keep on the floor under their desks. It is supposed to be 105° + again next week.

If we cannot read your student's completed homework, they will be required to rewrite it. They need to make their "l" tall (it cannot be short like an "i" and they should not have capital letters where there are none. Please make sure your student is writing neatly with spaces between words and sentences.

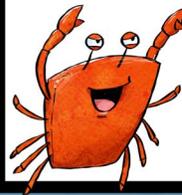

splash

You have the most amazing group of students! I am so grateful to be working with them again this year. I am SO blessed!!!

We will be very "lightly" going over 9/11 next week without going into detail with your students; we will be focusing on heros when we talk about it.

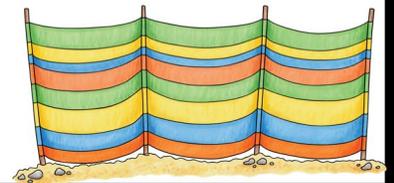

you are awesome

Your student needs to be able to do basic addition and subtraction in their heads; please help them with this at home. Thank you!

You can reach me at:

marguerite.mcpherson@fppsphoenix.net

Our fourth week of school has gone really well!
Your students need to practice addition and subtraction facts to be able to do these mentally.
