

Hello Parents !

Welcome to Week # 16. November 30th to December 4th.

It is Holiday time and the students are excited about everything. Please remember that this will be a short month , so every day counts. Please make sure to have your child here unless your child is sick.

Thank you!

**I need help again** in the wearing of masks. The students need to be wearing their masks up over their nose. The mask will not do the job unless worn correctly. Please talk with your student on the importance of the mask and how it is worn. We are all keeping safe and this is GREAT!!! We need to continue doing it RIGHT!!!!

## Spalding:

We will be working hard on phonograms: o, c, a, g, z. I need ALL students to practice these each nigh. They need to say the sound and then write the letter. Thank you for your help.

**Reading:** **Sight words we are working on in class:** Can, man, in, pin, zoo, off, city. We have story time each day where we read books and we discuss elements of a story, like mood and rise/fall of action/setting and picture clues. We will be learning Poem #6 this week and reciting it in class as a group and individually.

**Handwriting:** Write m, n, w, v, x, r, g, l, d, e, f, y, z, p, u, b, h, t, correctly starting at either the top line or midline. Encourage your child to **pull** the lines all the way to the bottom line..We will continue to work on writing all phonograms. Please practice letter formation at home also.

## Language Arts:

Poem:	Due Date:
<b>six</b>	December 4th

**Math-** We will be learning the following; Number recognition 1-30; counting objects 1-30; number sets, following directions; left/right; same / different; inside/outside, pennies, nickels and patterns. We have started the addition process. It is necessary for the students to understand one to one correspondence

and number value. We have also started working on telling time. We will be learning using math games, partner groups and whole groups and manipulatives. Please go over their numbers at least 3 times a week.

\*Our math grade this quarter will be based on individual calculation and participation.

**Science** - We will start a new unit ~Weight ~

**Social Studies** - We will be starting a new Unit in this subject. We will be working on "Earth - All things connected".
